

Thank you so much for awarding
our program \$350 to help expand
our Thanksgiving Unit. Your generosity
allowed students to participate in
many "hands-on" activities which
would not have been possible without
the use of these funds. Students were
able to create pottery, beaded necklaces,
stained shirts. They prepared food and
held a Thanksgiving Feast as their culminating
activity, and they invited special guests
to attend. Thank you again for helping
us create meaningful connections to
the past, differing cultures, and American
traditions. Your generosity is greatly
appreciated!

... so much ★
